

TURN DOWN THE WATTS RESIDENTIAL SMART THERMOSTAT REBATE PROGRAM ELIGIBILITY CRITERIA

- Rebates are available for multi-family, and single-family homes that are residential electric customers of OMPA members, municipally owned electric utility.
- Rebates are limited to eligible services (homes, lake homes, shops, barns, etc.) that purchase more than 4,000 kilowatt-hours of electricity, from the electric service provider on an annual basis.
- Smart thermostat rebate will not exceed the sales receipt, or invoice amount.
- For new smart thermostat installations, they must replace an existing thermostat that does not qualify for program incentives. Smart thermostat may be installed by a professional contractor or the homeowner.
- To qualify, the smart thermostat must have the following capabilities, and be one of the following OEM manufacturers: ENERGY STAR certified, Wi-Fi enabled, Remote adjustment via smart phone or online, Automatic scheduling, Energy history, Occupancy sensing, and be one of the following manufactures (Amazon, Honeywell, Emerson, Sensi, or Eco bee).
- Smart thermostat must be connected to, and control the home's primary cooling and heating equipment (A/C, Heat Pump, Electric Furnace, or complete HVAC system)
- Any smart thermostat linked to the rebate must remain installed at the original qualifying location and cannot be removed if/when the applicant moves.
- Smart thermostat must be fully installed, operational, and connected to the internet via Wi-Fi prior to submitting a rebate application.
- Smart thermostat installations must conform to all applicable building codes, local codes, state codes, manufacturer specifications, and requirements.
- Completed rebate application and copy of invoice, or sales receipt showing retailer name, address, purchase date, price, proof of payment, product manufacturer and model, must be submitted within 90 days of device installation and setup.
- Smart thermostat rebates are \$50.00 per installed qualifying smart thermostat and require an inspection of the smart thermostat/s once installed, operational, and connected to the internet via Wi-Fi.
- Failure to complete all information will result in denial of rebate. OMPA and its members reserve the right to amend or suspend this program without notice.

Residential Customers who receive Smart thermostat rebates are eligible to participate in the Turn Down The Watts Bring Your Own Device, Demand Response program. Participants will receive incentives for enrollment and participation, to reduce electric usage during peak electric system demand.

**** OMPA will provide the smart thermostat rebate in the form of a gift card, which will be selected by the customer ****

TURN DOWN THE WATTS RESIDENTIAL SMART THERMOSTAT REBATE PROGRAM ELIGIBILITY CRITERIA
